## Summary

◆ Higher National Diploma (HND) in Computer Science and Advance Computer Networking and system security diploma graduate.

☑️# I have built movie streaming backend using NodeJs, ExpressJs framework, MongoDB

☑️# I have Worked with a team of developers on Corona monitoring web application using ReactJs

☑️# I have worked on User management system backend using NodeJs.

☑️# I have an excellent communication skills, achievement-driven, with acute attention to detail, proven ability to identify improvement opportunities, and a history of producing accurate results in fast-paced environments while maintaining high quality standards. Core strengths:

⇒# System Enhancements

⇒# MySQL

⇒# Web Servers Specialist

⇒# Systems & Network Security

⇒# JAVASCRIPT

⇒# Excellent Technical Knowledge

⇒# MongoDB

⇒# ExpressJS

⇒# Penetration testing

⇒# NodeJS

## Experience

### NodeJS(ExpressJS) developer

National Examination Council Headquarters ICT

May 2020 - Present (2 years 3 months +)

### Network Engineer

DOLC Technologies

Jul 2014 - Aug 2018 (4 years 2 months)

- Maintaining computer networks including mainframes, VPNs, routers and other physical hardware.
- Installing and configuring network equipment.
- Creating firewalls and updating virus protection software and data security systems to keep data and communications protected.
- Monitoring computer systems to improve network performance for all systems.
- Troubleshooting, resolving, and communicating networking issues to other employees and management.
- Implementing disaster recovery procedures .

- Maintaining current knowledge and understanding of security and networking best practices to offer the best solutions and protection to company systems.

## **System Administrator**

### **Propertronic PLC**

Jan 2010 - Jan 2014 (4 years 1 month)

- User administration (setup and maintaining account)
- Maintaining system.
- Verify that peripherals are working properly.
- Quickly arrange repair for hardware in occasion of hardware failure.
- Monitor system performance.
- Create file systems.
- Install software.
- Create a backup and recover policy.
- Monitor network communication.
- Update system as soon as new version of OS and application software comes out.
- Implement the policies for the use of the computer system and network.
- Setup security policies for users. A sysadmin must have a strong grasp of computer security (e.g. firewalls and intrusion detection systems).
- Documentation in form of internal wiki.
- Password and identity management.

## **Education**

### **The Federal polytechnic**

Associate's degree, Computer Science

Jan 2016 - Jan 2020

I love solving problems, I like assisting people resolve issues.

### **Google**

IT support specialist, IT security

2021 - 2021

### **Federal polytechnic, Bida**

HND, Computer Science

2017 - 2019

### **Naowa institute of technology**

National Diploma(ND), Networking and System Security

2014 - 2016

### **MIT**

Professional Certification, Network maintenance and System engineering(Comptia)

2011 - 2013

## Licenses & Certifications

**Cyber Threat Intelligence - Coursera**

**The Bits and Bytes of Computer Networking - Coursera**

DV4YHNGYZ849

**Google IT Support Specialization - Coursera**

SXBVUMXXSMMV

**Cybersecurity Compliance Framework & System Administration - Coursera**

6ZPDN4CQCLLN

**Cybersecurity Roles, Processes & Operating System Security - Coursera**

3GJ6TDU2QWZC

**Penetration Testing, Incident Response and Forensics - Coursera**

FJLXJ8L2L73H

## Skills

JavaScript • Server Side JavaScript • JavaScript Frameworks • Express.js • MongoDB • Customer Service • Public Speaking • Management • Leadership • Teaching

## Honors & Awards

**Google IT support certification Badge - coursera**

Oct 2021

Google award me a badge after my completion of my IT support certification

**Commendation Letter - NECO**

Apr 2022

The commendation Letter was given based on diligent service year
